What's wrong with our _____ system is that we don't have a _____
 _____. I'm a _____ for _____, but that means we need to have things like
 _____, and competition. *** lets you _____ what
 things cost, and competition means that there are multiple sellers in the marketplace bringing down the
 price. We lack both these things in *** and pharmaceuticals, and that's why they're able to
 _____ you.

5° The top 3 drugs. *Fill in the grid with info from the podcast.* /4.5

Drug	Prescribed for...	Price	%
HUMIRA			
IMBRUVICA			
IBRANCE			

6° What's the equivalent for "an increase in price"? /0.5

7° Right or Wrong. *Support your answer with a quote from the podcast.* /3

This steep increase in price was prompted by inflation only, and generated no positive outcome for any of the part-takers.

R O W O _____

Both sides of the political spectrum are to blame for this situation.

R O W O _____

The issue could be better described as a situation in which the interests of the companies prevail over the Greater good.
